L o c a t i o n

Lake Cootharaba is 170km North of Brisbane. It is a large salt-water lake on Queensland's Sunshine Coast, with predominant sea breezes, providing some of the best flat water sailing conditions in the world! Fed by Noosa River and the Coral Sea, water depth is a consistent 1.5m in racing areas.

Surrounding the lake is the small village of Boreen Point. When not on the water, the Lake is a short drive from Noosa and the Sunshine Coast, one of Queensland's iconic tourism areas.

A c c o m m o d a t i o n

There are multiple camp grounds, caravan parks and holiday houses located around Lake Cootharaba and in Boreen Point. Noosa Holiday Parks are a relaxed, comfortable and economical way to enjoy the unique natural features and fantastic attractions and restaurants of the Noosa Shire. Accommodation is also available at the Apollonian Hotel and within Tewantin, Noosaville and Noosa Heads. It is recommended to book early as locations fill early in summer / holiday season.
